**Requested Inspections:** Requested inspections include:

- Inspections of state licensed facilities such as assisted living, daycare and nursing home facilities.
- In the county portion of our jurisdiction, a fire final inspection for existing occupancies undergoing a change in ownership without a change in occupancy or additional construction.
- A fireworks stand.
- Other requested fire prevention activities not otherwise defined in this document.

**Special Event:** Special events include:

- Fireworks displays.
- Carnivals and fairs.
- Any event where a public safety plan is required by the fire code official.

**Re-Inspection Fees**

- Re-inspection fees will be utilized for requested inspections. A re-inspection fee will be charged for the 2<sup>nd</sup> re-inspection and each subsequent re-inspection.
- Re-inspection fees will also be utilized for construction inspections. A re-inspection fee will be charged for contractors who miss appointments or who have not pre-inspected and pretested work.
- Re-inspection fees must be paid prior to scheduling of a re-inspection.

**After Hours/Standby Fees**

- Normal business hours are classified as 8 AM to 5 PM Monday through Friday. An after-hours fee will be charged for inspections or standby personnel requested outside of normal business hours.
- Approval of an after-hours request will be dependent upon workload and staff availability.
- If approved, the fee for an after-hours inspection will be added to the inspection fee.
- A two-hour minimum will be required when calculating the fee for an after-hours inspection. Travel time will be included when calculating the fee for an after-hours inspection.
- If an after-hours inspection exceeds the prepaid amount the project will be billed for the additional fees.
- Any required permit, licensing approval, and/or occupancy approval for the project will not be issued until all inspection fees have been received.
